Dear Prospective Client:

I am writing this letter of recommendation on behalf of Government and Commercial Security Services, LLC. The City of Bowie, MD., a suburb of Washington, DC., began using Government and Commercial Security Services in 2014 to provide on-site security personnel and mobile patrol services for our Municipal Facilities located throughout Prince George's County, MD.

The security staff monitors and records all visitors entering our facilities. We believe having security officers on-site helps in eliminating issues with potential criminal activity. City staff and visitors have a true sense of security knowing that Government and Commercial Security Services staff is constantly performing hourly rounds, ensuring the safety and security of the facility and its occupants. Government and Commercial Security Services, LLC., has been able to handle any requests for coverage, even at the last minute. They always provide professional officers who go above and beyond to protect our property and residents.

I would highly recommend Government and Commercial Security Services to anyone experiencing security issues or concerns at their property locations. We plan to continue to use them for all of our security needs.

Sincerely,

Henri Gardner
